

# IMPACT K12 Application

**DEADLINE: March 18, 2018 (11:59 PM)**

## Application Tips

Please read the following instructions carefully to ensure that you submit an accurate and complete application.

1. Carefully review the program requirements on the IMPACT website before you begin.
2. You can complete a partial application and save and return to it later, but the application must be submitted within 7 days of beginning it. To save the application and resume later, click "Save Answers and Resume Later." You will receive a URL that you will need to save on your computer so that you may return to your partially completed application. Note that the URL takes you back to the first page (this one) of the application. To get to where you wish to resume completing the application, use the NEXT buttons at the bottom of the page.
3. If you choose "Save Answers and Resume Later" your PDFs will not be saved.
4. Given the limitations noted above we suggest that you print the PDF version of the application form posted on the program website to review what is required in the application and have everything prepared in advance that you need to complete the application. For example, since the bulk of the IMPACT application requires you to upload separate PDF attachments, you will want to convert all word processed documents to PDF prior to beginning the application. Once you have all the required PDF attachments ready and organized, you can sit down and complete the application in a single sitting.
5. Only PDF formatted documents (no MS Word, Excel, PPT, etc) may be uploaded to the application. Be sure that the PDF attachments are not password protected or secured.
6. Before you submit your application, we suggest that you use the "Previous" and "Next" buttons at the bottom of the pages to review your application for accuracy. You won't be able to submit the application if required elements are missing.
7. You are only allowed to submit the application once per primary email address. You are responsible for submitting a complete and accurate application. You will receive an email confirmation including a copy of your submitted application. If you discover that you have made a major error after submitting your application, please notify [Madeline Mann](#). Note that any changes allowed to your application will be at the discretion of the IMPACT program and must be completed and submitted prior to application deadline.

# PDF Attachments

The following section requires you to upload PDF attachments. Once you have uploaded PDF attachments in the application, you should not attempt to "Save Answers and Resume Later" since your PDF attachments will not be saved.

## IMPACT Specific Forms

The following 4 sections use IMPACT specific forms that you must download from the IMPACT web site. Your Department Chair or Division Head, and your Lead and Co-Mentor must complete and sign the IMPACT forms following the instructions provided on the forms. The completed, signed forms can then be scanned and converted to PDF prior to attaching to the application.
